Re: Hagerman well No. 1 A,  
14-23-27 Eddy County,  
New Mexico

Dear Mr. Haskins:

A recent field inspection of the subject well site reveals the following work which must be done prior to approval of the plugging report. The pit must be filled and leveled, all junk must be cleared or covered and all dead men wires must be cut.

As considerable time has past since this well was plugged, please accomplish this work at your earliest convenience. When the work is completed, please contact this office.

Very truly yours,

OIL CONSERVATION COMMISSION

Re: Hagerman #1  
NE NE, Sec. 14-23-27  
Eddy County, N. M.

Dear Sir:

On November 24, 1965, I wrote you concerning filling the pit and removing the dead men on the above well. I also asked that you notify this office when the work was completed.

We have heard nothing from you, and after another inspection I find that none of the above mentioned work has been done.

Please take care of this as soon as possible.

Very truly yours,

Oil Conservation Commission

W. A. Gressett
