Dear Mr. Gressett:

We are returning Form C-104 on our Dark Canyon State Com. Well No. 1, located in the Dark Canyon Penn. Gas Pool. We have completed Section IV, Completion Data, and Section V, Test Data and Request for Allowable Gas Well. We were not aware that these sections on the form should be completed, since the well completion data had been filed when the well was completed in May, 1964. This well has been shut in pending a gas connection since the completion except for a period of time in September, 1964, to sell rig fuel.

Yours very truly,

UNION OIL COMPANY OF CALIFORNIA
