Beginning press. 374 lbs

One inch meter wouldn't work. Had to use 1 1/2" meter. Reason for starting @ 400 BPD instead of 100 BPD. 1 1/2 meter doesn't register lower scale

water used ÷ 15 min. X 60 X 24 = BWPD

1" ÷ 1/100	Total
1 1/2 ÷ 1/10	water

1" BPD	Flow
1 1/2 X 10	Rate
2 X 100
