Gentlemen:

Attached is a revised NMOCC Form C-104 for the subject well showing Natural Gas Pipeline Company of America as the authorized transporter of the gas production from this well.

At this time we are considering asking for 640 acre spacing for the field. As soon as possible, we will complete the filing of the necessary forms with your office.

Thank you for your cooperation and help. Should you require additional information, please call us collect.

Very truly yours,
