INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Commission not later than 30 days after the completion of any newly-drilled or reworked well. It shall be accompanied by one copy of all electrical and radioactivity logs run on the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall not be reported. For suitable completion, Items 31 through 34 shall be reported for each zone. The form is to be filed in quadruplicate except on wells where more strings are drilled. See Rule 1.05.
