1/7/98 Thru 3/1/98

Moved in and rigged up Ram Well Service pulling unit. Shut in tubing and casing pressure--2700#. Bled down pressure, pulled out of hole with Strawn tubing string. Moved in and rigged up reverse unit. Cutted over dual packer and removed from hole. Cleaned out 7" casing to top of liner at 11,110'. Went in hole with overshot and attempted to release packer above Morrow and 2 3/8" tubing out of 4.5" liner. Unable to release packer. Washed over 2 3/8" tubing from 11,110' to 11,500' and fished out of 4.5" liner. Currently cutting out Guiberson Uni-VI packer at 11,500'. Workover operations still under way.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
