Re: Pennzoil United, Inc.
Gulf Federal No. 2
South Carlsbad Strawn-Morrow Field
Section 6, T-23-S, R-27-E
Eddy County, New Mexico

Gentlemen:

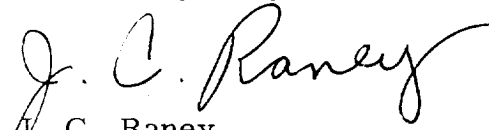

Attached is Pennzoil United, Inc.'s "Application For Multiple Completion" for the subject well. This well has been completed as a Strawn-Morrow gas-gas dual completion. The well is completed with two strings of 2-1/16" integral joint (I. D. = 1.750") tubing above the top packer and one string of 2-3/8" tubing between the packers. Currently the well is shut in waiting on pipeline connection.

Pennzoil United, Inc. respectfully requests administrative approval for this multiple completion. This is the third such dual completion in these reservoirs in the South Carlsbad Field as noted on the Form C-107 and map.

Also attached is the data submitted to the United States Geological Survey in conjunction with this completion.

If any additional data is needed for this application, please inform this office.

Yours very truly,

J. C. Raney
Petroleum Engineer
