Re: Packer Leakage and Multi-Point Back Pressure Tests
Pennzoil United, Inc.
Gulf Federal No. 2-L-6-23-27
South Carlsbad Morrow & South Carlsbad Strawn Gas Pools
Eddy County, New Mexico

Dear Bill:

This letter will confirm our telephone conversation concerning Pennzoil United's request of a delay in running the packer leakage and multi-point back pressure test on the subject well. This delay is necessary because of mechanical and production problems encountered on this well.

We are evaluating the well for possible remedial work. You will be promptly notified of our intended and completed work. It is understood that these tests will be required after the well has been re-worked and has stabilized.

Thanking you for your attention on this matter, I am,

Yours very truly,

PENNZOIL UNITED, INC.
