17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The above captioned permit to drill expires October 31, 1972, and we request an additional 60 day extension beyond the October 31 date to get the parties together to drill the Stephens "A" Well. Since filing of our intent to drill, we have been negotiating with the Working Interest parties in the S/2 Section 7, T23S, R27E, in attempt to commence drilling operations. Therefore, we request this extension so that we can finalize these negotiations.

It is our plans to drill the above captioned well and dedicate the S/2 Section 7 comprising 317.68 acres as the proration unit.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
