Gentlemen:

On behalf of the Howard Boatwright Company, Inc., I am submitting herewith an original and four copies of Form C-104 on the subject well.

Yours very truly,

Arlen L. Edgar

A separate Form C-104 is required for each zone of a Dual Completion; therefore, we crossed out and ran enough copies for each.

Also back in September, 1975, a Notice of Intention to squeeze-down, re-perf and treat was submitted, see attached. To date, a subsequent report of this work has not been received. Please see that this report is submitted.

If you have any questions concerning this matter, please feel free to call upon me.
