Re: Plugging Reports
Terra State # 1
Unit O Sec 14-T23-R26

Dear Mr. Williams:

Attached is your letter dated May 14, 1992, outlining that approval of the Form C-103 Report of Plugging can occur once an N.M.O.C.D. representative has inspected the location and found it to be in compliance with the Division Rules and Regulations.

Hawthorne has completed the enclosed form, indicating that all final "P&A" procedures have been performed. The site is ready for inspection by an N.M.O.C.D. representative.

Should you have any questions concerning the attached, please contact Mr. Chuck Stinson at (713) 961-1770.

Very truly yours,

Hawthorne Oil & Gas Corp.
