REVISED LOCATION OF LEASE ROAD
MOBIL OIL CORPORATION'S
FEDERAL LL LEASE, WELL #1
CARLSBAD, SOUTH (ATOKA) & (MORROW) POOLS
EDDY COUNTY, NEW MEXICO

Gentlemen:

The enclosed plat reflects the revised location of the lease road to be constructed from existing roads into the subject well. The change in the location of this lease road from that shown on the plats submitted on May 9, 1973 is necessary because the surface owner in Section 14 (Sec. west of 13) did not want additional roads constructed on his property.

Mr. A. D. Bond with Mobil discussed the need to change the location of the proposed lease road with Mr. Knauf by telephone on May 21, 1973. At that time we planned to bring the road in from, according to a county map, an existing road located south of the subject well in Sec. 24. An on-the-ground inspection found that the road in Section 24 no longer exists. As shown on the attached plat the lease road will be constructed into the well site from an easterly direction.

Yours truly,

J. A. Norris
