Re: Federal LL #1
N-13-23-26

Gentlemen:

A Packer Leakage Test is to be filed with this office annually on all dual wells. Failure to do so could result in cancellation of allowable.

A recent field inspection of the subject well shows it to be a dual completed well.

Please submit a Packer Leakage Test immediately. Test should be submitted in triplicate and must be accompanied by one original test chart.

If you have any questions concerning this matter please feel free to call me.

Sincerely,

A handwritten signature in cursive script that reads "Mike Williams".

Mike Williams
Oil & Gas Inspector
