Re: S. Carlsbad Gas Com. No. 2
#1-J 27-23-26
Eddy County, NM

Gentlemen:

We hereby acknowledge receipt of the packer leakage test taken on October 4, 1978. However, it appears there is communication between the Strawn and Morrow formations.

This problems needs to be taken care of as soon as possible and another packer leakage test taken.

In order that we might witness the test, please notify this office as to the date and the time the packer leakage test will be taken.

Sincerely yours,

Mike B. Williams
Oil & Gas Inspector
