Attention: Mr. A. L. Porter, Jr.

Gentlemen:

We respectfully request approval to dual complete the South Carlsbad Gas Com. No. 3 Well No. 1 located in Unit "C", Section 26, T-23-S, R-26-E, Eddy County, New Mexico.

It is proposed to dually complete this well in a conventional manner through parallel strings of 2-3/8" tubing with separation of the zones by use of production-type packers that will effectively prevent communication between producing zones.

By copy of this letter, we are notifying all offset operators of this application. If the offset operators have no objection to this application, we are requesting that they execute the attached waiver and forward a copy to the Oil Conservation Commission, P. O. Box 2088, Santa Fe, New Mexico 87501, and return one copy to this office.

Very truly yours,

  
R. E. Hammond

\*Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.

NOTE: If the proposed multiple completion will result in an unorthodox well location and/or a non-standard proration unit in one or more of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
