Attention: Mr. W. A. Gressett, Supervisor

Enclosed please find Application to Drill our Lowe-State No. 1 Well.

The location does not conform to state rules, but because of the very rugged terrain we have spotted the well to as near a regular site as is economically feasible. Your Mr. Lelan Mermis went with me and the surveyor at the time the well was staked and has had an opportunity to observe this location and the surrounding terrain.

We are anxious to start the drilling of the well and we hope that approval for this drill site can be handled administratively. We will appreciate your prompt consideration of the matter. If any further information is required please let me know.

Yours very truly,

C & K PETROLEUM, INC.
