Re: Lowe State #1-C
Sec. 16-24S-24E
Eddy County, N. M.

Gentlemen:

We hereby acknowledge receipt of Form C-104, Request for Allowable and Authorization to Transport oil and natural gas on the subject well. Said Form C-104 and C-105 shows the producing formation to be Wolfcamp, Form C-122 shows Cisco Canyon.

However, according to our Geologist Mr. Carl Ulvog, said well is producing from the Strawn Formation. We will correct our records to show Strawn.

Please submit Form C-102 dedicating 320 acres to the well and the producing formation as Strawn. Also please complete and return two (2) copies of the enclosed Form C-123, Request for the Creation of a New Pool. The suggested pool name should consist of a local geographical name plus the name of the producing formation.

If you have any questions concerning this matter please feel free to call upon me.

Sincerely yours,

OIL CONSERVATION COMMISSION
