Dear Mr. Sexton:

There is presently a yearly packer leakage test required on the Paslay A #1, located in Unit K of Section 8-T22-R27, Eddy County, New Mexico. In May of this year, the Paslay A #1 was shut-in due to producing maximum allowable.

Cities Service Oil and Gas Corporation respectfully requests a temporary exemption from running a packer leakage test on the Paslay A #1.

Your consideration of our request will be appreciated.

Sincerely,

Robert N. Meritt
