#1-0, 17-23-27  
Eddy County, NM

Gentlemen:

A recent inspection was made of the subject plugged and abandoned well. This inspection revealed the rat hole was not covered and the plastic from your pit along with various other junk was on the location.

Please see that these matters are taken care of as soon as possible. When you are ready for this location to be re-inspected, please notify this office.

Sincerely yours,

Mike Stubblefield  
Oil & Gas Inspector
