17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

It is intended to run 9 5/8" 32.3#/ft. and 36.0#/ft H-40 STC casing at approximately 2800' due to extensive lost circulation. It is believed the circulation is being lost at approximately 750'. The 9 5/8" casing will be cemented back to the surface. Verbal permission received to proceed with operations from USGS, 5-14-74.
