Attention: Mr. Joe D. Ramey, Secretary-Director

Gentlemen:

Reference is made to your letter dated August 27, 1976, whereby a shut-in notice was issued for the above subject well. By this letter Coquina Oil Corporation respectfully requests a hearing to remove the subject well from the Carlsbad Morrow South Pool and place it in an Undesignated Morrow status.

It is our contention that the producing interval in the Philly Federal #1 is either non-productive or is absent in offset wells and should not be in the Carlsbad Morrow South Pool.

It is furthermore requested that the shut-in notice be waived until the results of this hearing are decided. Coquina Oil Corporation has shut-in the subject well today, September 8, 1976, pending notification of a hearing date and pending the request of cancellation of our shut-in notice.

Please advise us at your earliest convenience.

Yours very truly,

COQUINA OIL CORPORATION
