17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On 11/7/87, this well ceased flowing. From 11/6 thru 11/11/87, this well was swab tested. From these tests, an apparent casing leak had developed plus (1) leaking tubing or (2) a packer failure had developed. Accordingly the well was SI on 11/12/87 pending repair operations. This is notice that we intend to repair the casing and tubing (if possible), and that these operations are now being studied. Plans are now to begin operations within the next 2 weeks. I will file definite plans (another C-103) when these plans have been solidified.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
