17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The Terra State #2 has been completed as a salt water disposal well in accordance with NMOCC Order No. SWD-166. There has been no water injected into the Terra State #2, and the well has been shut in while awaiting partner approval of expenditures for installation of surface disposal facilities, tank, triplex pump, etc.

We have plans to recompleate the Sorenson "Com" #1 located in the N/2 Section 14, T-23-S, R-26-E, in the Delaware Bell Canyon and, therefore, respectfully request a temporary abandonment status for the Terra State #2 for a period of six (6) months until all tests and evaluations are completed.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
