New Mexico

Gentlemen:

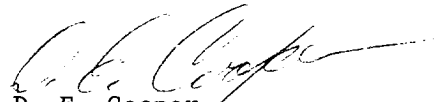

In response to your letter dated May 13, 1976, under above reference, enclosed herewith are four executed copies of Form C-104, per your request. Inasmuch as this form was originally submitted on January 9, 1976, we are at a loss to explain why you have no record of having received the form.

With reference to your inquiry as to the disposition of the produced water, this water is currently being hauled by Rowland Trucking Company, Eunice, New Mexico, to their Salt Water Disposal.

In the event something further is needed from us to complete your files on this well, please advise.

Yours very truly,

C & K PETROLEUM, INC.
