Reference Well: Old Indian Draw # 7

Gerry,

As per your request, we have installed a valve and sufficient plumbing to facilitate the monitoring of the annulus between the 8 5/8" csg. And the production csg. This work was done 7-30-02. Form C-103 is attached to this letter.

At the time we did this work, a gauge was installed and the pressure was zero.
If you need anything else, or we need to do anything else, please let me know.

Sincerely,

Mike Whitefield, Production Frmn.
