RE: Aminoil USA, Inc.
CNB Com. #1
Malaga Morrow Gas
Eddy County, New Mexico

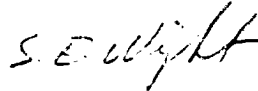

Gentlemen:

Aminoil USA, Inc. respectfully requests administrative approval for an exception to Statewide Rule 402, requiring an annual shut-in pressure measurement on all natural gas wells, for the CNB Com. #1 located in Unit L, Section 11, T-24-S, R-28-E, Eddy County, New Mexico.

The subject well presently flows 620 MCFGPD plus 30 BWPD by heads and it is felt that shutting the well in at this time will result in killing the well. Remedial work is planned at such time that the well ceases to produce.

Very truly yours,

AMINOIL USA, INC.
