Dear Mr. Gressett:

Enclosed please find two copies of form C-116, for the gas-oil ratio tests. After we fraced the well, our production went up quite a bit from our last allowable.

We are waiting on pumping units for the Sanders No. 2 and the Gourley-Federal at the moment, and as soon as they come in, we will send in the necessary forms to get our allowable on both wells.

Thank you for your time and consideration.

Very truly yours,
James M.C. Ritchie, Jr.
