This form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured by one method and shall be reported in feet. In the case of directionally drilled wells, true vertical depths shall also be reported. If multiple completions, down to through 34 shall be reported for each zone. The form is to be filed in quadruplicate except on state land, where six copies are required. See Table 1105.
