Re: Donaldson A Com.
#1-F-23-23-28
Eddy County, NM

Gentlemen:

To date, this office has not received all of the completion reports on the subject well. However, based on what has been submitted, we will not assign an allowable to the well until the liner has been properly cemented and the well completed through perforations in a conventional manner.

Any deviations from a normal completion must be approved by our Santa Fe office.

Sincerely yours,

W. A. Gressett
Supervisor, District II
