Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Toles Federal No. 1 was completed March 10, 1978 without stimulation.
Completion was in open hole from 2445' to 2460' in the Delaware sand.

It is proposed to pull rods and tubing, check total depth for fillup,
and then treat down 4½" casing with 1500 gallons gelled lease oil and
3,000# sand at 4 BPM.

Rods and tubing will be re-run and the well placed on production.
Work is expected to begin about Nov. 12, 1985, and be completed Nov.
15, 1985.

18. I hereby certify that the foregoing is true and correct

SIGNED

George D. Neal
