Mr. W. A. Gressett Oil Conservation Division State of New Mexico P. O. Drawer DD Artesia, New Mexico 88210

Dear Sir:

In accordance with telephone conversion, attached for your approval is form C-102 for the above well, dedicating acreage for the Undesignated Penn Pool.

This well was originally scheduled for completion in the Undesignated Strawn Pool; however, since the perforated interval is 9568 - 9578', the correct designation should be the Undesignated Penn Pool. Geologic markers are: Penn 9424'; Strawn 9760'. Please change all records accordingly.

If further information is required, please advise.

Yours very truly,

R. C. andar
