Re: Application for Administrative Approval
Unorthodox Location - Ingalls No. 1
South Culebra Bluff - Bone Springs

State of New Mexico
Energy and Minerals Department
Oil Conservation Division
P. O. Box 2088
Santa Fe, NM 87501

Gentlemen:

Anoco Production Company requests administrative approval for an unorthodox location on our Ingalls No. 1, located 1650' FEL X 1980' FEL, Section 22, T-23-S, R-20-E, Eddy County, New Mexico.

Subject well was originally drilled and completed as a Wildcat Morrow well in an orthodox location. After Morrow Zone depleted, the well was recompleted to the Bone Springs and is now in an unorthodox location by Rule-4, Order No. R-6139, requiring the well to be spaced within 150 ft. from the center of the quarter-quarter section. Attached is a C-102 and a map of the area showing the ownership of all leases offsetting the proration unit. We have notified the offset operators by certified mail requesting their consent for this unorthodox location. Your favorable consideration of this request will be appreciated.

Yours very truly,
