South Carlsbad Morrow Pool

Gentlemen:

According to the gas proration schedule, the above captioned well is being carried as a Morrow completion.

The well file shows that the Morrow zone has been plug and abandoned and the well is now producing from the Strawn formation.

You need to file a C-104, Request for Allowable, showing the completion of the Strawn formation and requesting an allowable for this zone instead of the Morrow Zone.

Sincerely,

Leslie A. Clements
Supervisor District II
