Re: Graham State Com.
#1-N-35-23-26
Eddy County, NM

Gentlemen:

We have correlated the logs on the subject well with the Nomenclature Committee Cross Sections and, according to our Geologist, the tops are as follows:

Penn	10,032
Strawn	10,195
Atoka	10,512
Morrow Limestone	11,100
Morrow Clastics	11,300

Therefore, the recently submitted Form C-101, Notice of Intention to Plugback to the Atoka, should be submitted on Form C-103 as an intent to change zones in the Morrow formation.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

W. A. Gressett
Supervisor, District II
