Gentlemen:

This office has received your Form C-103, Notice of Intent to Plug Back and Complete in the Bone Springs. To Plug back and complete in the Bone Springs you need to file a C-101, Application for Permit to Drill, Deepen, or Plug Back, and a C-102 well Location and Acreage Dedication Plat.

We also need a C-103 subsequent report of setting the CIBP at 11,140 and 12,230 and capping with cement.

To plug back to the Bone Springs we will also need a cement plug in the top of the 7" liner, 50' in and 50' out, 9250-9350'.

If you have any further questions concerning this matter please feel free to call me.

Sincerely,

Mike Williams
