PULL OR ALTER CASING <input type="checkbox"/>	OTHER <input type="checkbox"/>	CASING TEST AND CEMENT JOB <input type="checkbox"/>	OTHER <u>Recompletion</u> <input checked="" type="checkbox"/>

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We attempted recompletion in morrow formation by setting a C1BP @ 12,100' and perforated the intervals 11,958' - 11,964', 11,970' - 11,976', 11,982' - 11,988' with one shot per foot (.50 diam) by tubing conveyed perforation gun. The attempt was unsuccessful. We received oral permission from Mr. William Gressett of the Oil Conservation Commission on 2-7-80 to abandon the morrow and lower Wolfcamp zones. This work was completed @ 2:00AM 2-8-80 by dumping 35' class H cement on the C1BP @ 12,100' and setting a C1BP in the 5" lines @ 11,724' and dumping 35' class H cement on top, also we set a C1BP in the 7 5/8" lines @ 10,150' and dumped 35' class H cement on top.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.

SIGNED Ronnie Jewders TITLE Vice-President DATE 2-8-80
