

INSTRUCTIONS

This form is to be filled with the information first Office of the Commission not later than 24 hours after the completion of any newly-drilled for deepened well. It shall be completed by the owner of all electrical and radioactivity logs run in a well and a summary of all special tests conducted, including full core tests. All data reported shall be measured by the owner of the well. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completion wells, zones 1 through 14 shall be reported for each zone. The form is to be filed in quadruplicate except in state land where six copies are required. Use hole 1125.
