County, NM

Gentlemen:

We are returning the enclosed Forms C-103 on the subject well for additional information and corrections.

Please show WOC time, pressure test and results of same on the 13 3/8" surface and the 8 5/8" intermediate casing.

Form C-105 shows 8 5/8" at 2750' not 3000' as shown on C-103 and the 5 1/2" casing was not set. Also, on the Notice of intent to plug and the subsequent report of plugging there were two plugs shown that do not agree with the verbal approval to plug. They were 45 sacks @ 4500 and 45 sacks @ 2800'.

Please make these corrections and resubmit these forms at your earliest convenience.

If you have any questions concerning this matter please feel free to call upon me.

Sincerely yours

W. A. Gressett
Supervisor, District II
