Eddy County, NM

Gentlemen:

We received your letter dated May 7, 1979 and re-inspected the well. Our latest inspection showed the P & A marker to read 1980/S 1980/W instead of 1980/N 1980/E as it should.

If you will let us know as to when this has been corrected we will re-inspect the well again.

Sincerely yours,

Mike Stubblefield
Oil & Gas Inspector
