Attention: Leslie A. Clements

Gentlemen:

Reference the phone conversation of January 3, 1984 between Mr. Clements and Mr. McRae of this office concerning the Carter Gas Com No. 1. The conversation was in regards to your letter dated October 31, 1983 (copy attached) advising that the location needs to be cleaned up and working pits covered on the subject well.

As discussed, the location clean up is being delayed due to current litigation with the landowner. The location will be cleaned up as instructed upon settlement of this legal matter, hopefully within 30-45 days.

If you have any questions, contact D. L. Blazer, phone 393-1781.

Yours very truly,
