Gentlemen:

We are returning the enclosed Form C-103 on the subject well for additional information.

The Permit To Drill on this well shows production casing will be cemented to surface using 550 sacks of cement. The enclosed Form C-103 shows only 50 sacks of HLW and 200 sacks of class C.

Please check this and show top of cement, if known.

Sincerely yours,

W. A. Gressett
Supervisor, District II
