Van:

Attached is a C-103 "Sundry Notices and Reports on Wells" for the subject well. We would like to begin work on this well on or around December 5th. We plan on plugging back and recompleting the well in the Upper Brushy Canyon. We have faxed in the same notice earlier this morning for approval and faxing back.

We hope all meets with your approval. If you have any questions or need to discuss this matter further, please do not hesitate to call me at (918) 632-0639. Thank you for your help in getting this permit approved.

Sincerely for
