C/SF

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

In conformance with NMOCC Order R-3221 and after consultation with representatives of the NMOCD Artesia, Mesa Petroleum Co has begun to dispose of produced water from the Nash Unit #7 well onto the open ground. The attached diagram shows the approximate layout of the water disposal line and the areal extent of water flow. This well is in the Potash waste drainage area and is being monitored for additional steps to be taken to limit the environmental impact if conditions should be adversely changed.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
