

INSTRUCTIONS

This form is to be filled with the object of obtaining a record of the geology of the well, after the completion of any newly-drilled or deepened well. It is to be filled out at the time of the completion of the well, and a summary of all needed tests conducted, including full-scale tests. A list of the names of the persons who have been in the well, and a list of the names of the persons who have been in the well, shall also be reported. The results of the tests shall be reported in the space provided for this purpose. The names of the persons who have been in the well, except on state land, where this is not required, shall be reported.
