Gentlemen:

We are returning the enclosed Form C-103 on the subject well for additional information. Please show a detailed breakdown on the Morrow Perfs, and how each zone has been plugged off. According to the scout report you have already perforated and treated the zone 9936-41.

Further to date we have not received Form C-103 reporting setting and cementing the 5½" casing. Please submit same at your earliest convenience.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely,

A handwritten signature in cursive script, reading "W. A. Gressett".
