Attn: W.A. Gressett

Dear Mr. Gressett:

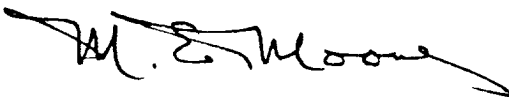

Recently Belco submitted an Application For Permit To Drill on a well in Eddy County, New Mexico (Cassidy Comm #1, Sec. 29, T23S, R28E). ✓

The application was stamped and approved for ninety (90) days, which would make it expire on 8/29/80.

Is it standard procedure for wells in New Mexico to be permitted for ninety (90) days?

Sincerely,

BELCO PETROLEUM CORPORATION

M.E. Moore
District Engineer

Yes, this is standard procedure and has been for several years.

W. A. G.
