Gentlemen:

Per W. A. Gressett's letter of May 4, 1981, we are returning the enclosed Forms C-102, 104, 105 and deviation tests on the subject well with the corrections and additional information that you requested.

Also, enclosed is a letter from G. D. Morris requesting an exception to Rule 107 (d), explaining why we set our 2 7/8" tubing at 10,366 feet.

If further information is required, please call me at 915-684-7575.

Yours Very Truly,
