North Loving Morrow

Gentlemen:

According to our files, the above captioned well is being carried by two different operator names, a situation which is causing problems in Santa Fe.

When the Permit To Drill was approved, the operator was shown to be El Paso Exploration Company. Since then, all forms have been carried as El Paso Natural Gas Company. Now, however, we have received your Notice of Connect which shows the operator to be El Paso Exploration Company.

Please clarify under which operator the well is being carried. If it is El Paso Natural Gas Company, you will need to submit the original and three copies of Form C-104 showing a change of operator from El Paso Exploration Company.

This clarification is needed as soon as possible.

Very truly yours,

A handwritten signature in cursive script that reads "Leslie A. Clements".
