Instructions:

INSTRUCTIONS.

During gas-oil ratio test, each well shall be produced at a rate not exceeding the top unit allowable for the pool in which well is located by more than 25 percent. Operator is encouraged to take advantage of this 25 percent tolerance in

order that well can be assigned increased allowables when authorized by the Division.

Gas volumes must be reported
specific gravity base will be 0.60.

**Specific gravity base will be 0.60.
Report casing pressure in lieu of tubing pressure for any well producing through casing.**

(See Rule 301, Rule 116 & appropriate pool rules.)

I hereby certify that the above information is true and complete to the best of my knowledge and belief.
