Gentlemen:

This is to advise that on May 7, 1985 the Hamon Oil Company State V-249 #1 gas well located in Unit M of Section 36, Township 23S, Range 26E, Eddy County, New Mexico, was disconnected from El Paso Natural Gas Company's gathering system. This meter is blind plated and will remain on location temporarily, but inoperative until permanent status of the measuring arrangement is determined. The disconnection was due to recompletion from the Morrow zone to the Atoka zone.

Yours truly,

Robert Patterson  
Production Coordinator

JB/bb
